**SCHOOLS DIVISION OFFICE – CITY OF VALENZUELA**

**Division Advisory No. 031, s. 2026**

April 30, 2026

In compliance with DepEd Order (DO) No. 8, s. 2013, this advisory is issued only for the information of Division Officials, personnel/staff, school heads, teaching personnel as well as the concerned public.

**NCERIES SPACE SHOW FOR THE SCHOOL YEAR 2026 - 2027**

The NC Education Resources and Interactive Events Services (NCERIES) Inc. announces the conduct of its Space Show for the School Year 2026 – 2027. The event is a school-based program for the public and private schools nationwide, that aims to promote awareness among students.

Participation of interested learners and teachers from public and private schools shall be subject to no disruption policy of the Department as well as the *no collection policy* per Ganson Law and the policy on off-campus activities stated in DepEd Order 66, s. 2017.

For more information, please see the attached letter, for reference and guidance.

April 24, 2026

**Dr. Noel D. Bagano**

Schools Division Superintendent

Schools Division Office – Valenzuela

Dear **Dr. Bagano**,

Greetings of goodwill and peace!

Thank you for giving us the privilege to introduce the NCERIES Science Road Show programs of the **NC Educational Resources and Interactive Events Services (NCERIES), Inc.** Wherein we believe in science as a new career path for our fellow Filipinos to have an overwhelming potential to excel by giving the proper early exposure.

These events are presented in an exciting, engaging and fascinating exploration of the outer space and our planet Earth. By using the immersive power of our Digital Dome Theater, we transport audiences to the spectacular depths of our home planet, the Universe and beyond.

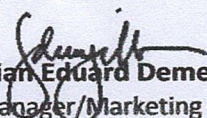

In this connection, we would like to request an advisory letter from your division and to partner with you in bringing our programs into public and private schools under the Schools Division Office of Valenzuela City this School Year 2026 – 2027, for the educational benefit of our students and teachers.

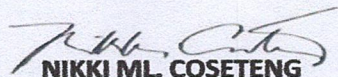

Attached the copy of advisory from the Department of Education (DepEd) entitled, **“Advisory No. 079, s. 2026 – NCERIES Science Road Show for School Year 2026–2027”**, as well as the concept paper of our programs for your reference and review.

We will be more than happy to discuss with you the details of this undertaking at your most convenient time. You may reach us directly at mobile number **(+63) 912 142 2433**.

Thank you very much!

Warm regards,

  
**Christian Edward Demegillo**  
Area Manager/Marketing Officer

  
**NIKKI M.L. COSETENG**  
President & CEO

**Dr. Noel D. Bagano**

Schools Division Superintendent

Schools Division Office – Valenzuela

Department of Education

Republic of the Philippines

Subject: **THE NCERIES SCIENCE ROAD SHOW FOR S.Y. 2026 – 2027**

Dear **Dr. Bagano**,

Greetings of goodwill and peace!

The NCERIES Science Road Show is an innovative school and module – based activities suitable for all levels from pre – school to senior high school students. A company founded to promote Science in the Philippines as well as to create awareness and enlightenment of the world around us, thereby creating a sense of excitement and wonderment of each one’s place in this vast Universe.

With our interactive activities, tools, thrills and programs, we inspire students through excellence and action. We collaborate with businesses, government and academic leaders to develop an initiative that would expand access to state-of-the-art teaching tools, new programs and bolder experiences in bringing Science to life.

The following are the programs and stations of the NCERIES Science Road Show.

#### **Space Science Show**

- **Station 1:** The NCERIES Digital Mobile Planetarium
- **Station 2:** Interactive Astro Talks and Space Gallery
- **Station 3:** Water Bottle Rocket Launching
- **Station 4:** Photobooth
- **Optional Bonus Activity (Weather Permitting)**
  - **Stargazing** – Participants gather at night for the actual observation of the sky using our high – powered telescopes designed to provide an optimal viewing experience (provided that the sky is clear and the weather is good).

#### **Oceanarium Show**

- **Station 1:** The NCERIES Digital Mobile Oceanarium (Deep Sea Exploration)
  - **Station 2:** Oceanarium Hands – On Interactive Exhibit and Discussion
  - **Station 3:** 3D Silver Screen (Coral Reefs in 3D)
  - **Station 4:** Photobooth
-

### Contact Details

For booking, incentives, discounted rates, schedules and other details and inquiries, please feel free to contact the following information below.

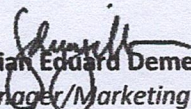

**Marketing Officer** : Christian Eduard G. Demegillo  
**Office Address** : Diliman Preparatory School, Commonwealth Avenue, Quezon City, 1127  
**Mobile Number** : (+63) 912 142 2433  
**Email Address** : eduard.demegillo.nceries@gmail.com

In this connection, we would like to request permission from your good office to conduct this voluntary, non-compulsory interactive activities in public and private schools under your division. We will work closely with your office to develop a program that meets the Department of Education's mission and vision, and to help the students recreate themselves and discover their place in the Universe.

Should you wish to know more of the details of our program, please feel free to contact the undersigned at your most convenient time. We will be more than happy to discuss this program with you or any of your authorized representatives.

Thank You and Mabuhay!

With you in service,

  
**Christian Eduard Demegillo**  
*Area Manager/Marketing Officer*

Advisory No. **079**, s. 2026

April 8, 2026

In compliance with DepEd Order (DO) No. 8, s. 2013  
This advisory is issued not for endorsement per DO 28, s. 2001,  
but only for the information of DepEd officials,  
personnel/staff, as well as the concerned public.

### NCERIES SCIENCE ROAD SHOW FOR SCHOOL YEAR 2026–2027

The NC Educational Resources and Interactive Events Services (NCERIES) Inc. announces the *conduct of its Science Road Show for the School Year 2026–2027*. The event is a school-based program for public and private schools nationwide to promote science awareness among the students and to implement fun, interactive, and educational activities that would serve as helpful discussion starters and technical tools. The activities also aim to encourage them to realize the impact and contribution of scientific knowledge to their daily lives. It has the following interactive activities:

Activity	Description	Target Participants
Space Dome (Digital Mobile Planetarium and Oceanarium)	The activity educates participants about the realm of space and astronomical phenomena by explaining basic celestial navigation and the differences between asterisms, constellations, planets, and other deep-sky objects. It also teaches the physics of deep-sea exploration and extreme pressure darkness, submersible design, while recounting historic milestones in ocean exploration.	K to 12 learners
Interactive Astro Talk, Space, and Under the Sea Gallery	The activity explains science through interactive exhibits and photos in the gallery. It engages participants in the astronomy forum and discusses marine life—its beauty, importance, and conservation.	
Water Bottle Rocket Launching	The activity demonstrates the basic concept of rocket launching using plastic bottles.	
3D Film Showing	The activity immerses participants in a visual experience that enhances the depth perception of the undersea ecosystem.	
Star Gazing (Weather-permitting activity)	The activity provides an experience of a closer look at planets and deep-sky objects, and teaches the participants the actual usage of the different types of telescopes.	Grades 6 to 12 learners

Participation of learners and teachers from public and private schools shall be purely voluntary and will not hamper instructional time in compliance with the provisions of DepEd Order (DO) No. 012, s. 2025, titled Multi-Year Implementing Guidelines on the School Calendar and Activities and DO 9, s. 2005 titled Instituting Measures to Increase Engaged Time-on-Task and Ensuring Compliance Therewith, and the policy on off-campus activities stated in DO 66, s. 2017.

This is also subject to the no-collection policy as stated in Section 3 of Republic Act No. 5546, also known as An Act Prohibiting the Sale of Tickets and/or the Collection of Contributions for Whatever Project or Purpose from Students and Teachers of Public and Private Schools, Colleges and Universities (Ganzon Law), issued in DO 19, s. 2008, and reiterated in DepEd Memorandum No. 041, s. 2024.

## PROJECT PROPONENT

### NCERIES Inc. (NC Educational Resources and Interactive Events Services Inc.)

NCERIES Inc. is an innovative company committed to increasing Filipino students' interest in science education by engaging them in hands-on, interactive activities.

Our main objective is not only to promote awareness among students in the field of science but also to implement fun, interactive and educational activities that would serve as helpful discussion starters and teaching tools. We also aim to encourage the students to grasp abstract scientific ideas and events, make them realize the impact of the sciences in our daily lives, and understand how scientific knowledge can contribute to improving our society.

The highly entertaining and empowering programs of NCERIES Inc. include our flagship program called the **NCERIES SPACE SHOW**.

## THE NCERIES SPACE SHOW

THE **NCERIES SPACE SHOW** takes our audiences in an exciting journey into our vast Universe through our astronomy related activities from planet hopping to visualizing Einstein's Theory of Gravity in our Digital Mobile Planetarium. In our interactive lectures, they will learn various space science related topics from identification of celestial bodies in our Solar System to principles of space exploration. In summary, NCERIES Space Show comprises of four (4) stations as described below.

### Station 1: SPACE DOME (Digital Mobile Planetarium)

The Space Dome presents a simulated display of the day and night skies, celestial objects and videos that engage the students in a personal sense of wonder and discovery in a unique interactive 360 degree digital environment.

## STATION 2: INTERACTIVE ASTRO TALKS AND SPACE GALLERY

Our lecturers provide first-rate and easy-to-grasp astronomical information to students and teachers. This activity is a combination of curriculum-related materials and the latest scientific discoveries all under a precise presentation in an engaging and motivational lecture.

We also have a space gallery where we will be displaying, among other things, photos from NASA and other agencies as well as space science facts and interactive exhibits.

## STATION 3: WATER BOTTLE ROCKET LAUNCHING

The participants will be taught the basic concepts of rocket launching using plastic bottles.

This is an outdoor activity that will only be held if the weather permits or if the school can provide a suitable venue.

## STATION 4: PHOTO BOOTH

In photobooth station, participants will take turn per group (3-5 participants) and only one (1) printed hard copy will be given. However, all of the soft copies will be provided for the school and/or participants as Souvenir.

## BONUS ACTIVITY: STARGAZING

Should the school and the parents allow, this outdoor activity can be conducted from 6:00 pm until 8:00 pm (weather permitting activity).

### PROGRAM DESCRIPTION

NCERIES Inc. will be discussing grade-level specific topics and concepts to ensure that our presentations for each level will not only be curriculum-based, but will also ensure easy-to-understand explanations and lively discussions.

The topics for discussion will be as follows:

#### **A. Kinder to Grade 3**

Participants will be introduced to the objects in the Solar System and what makes the Earth special. They will learn to identify and differentiate the eight major planets, our Sun and the Moon, and other objects such as asteroids and comets through interactive show and tell (Ex: Saturn has rings, The color of the Sun and our Moon has craters and so on.)

Inside the Space Dome, to help the students further visualize what will be explained in the interactive lectures, they will experience planet hopping where the students can visually jump from one celestial body to the next, watch a meteor shower and discover where the stars are born.

#### **B. Grade 4 to 6**

Apart from a brief review of some of the relevant topics taken up in the lower grade levels, participants will learn about the layers of a planet, moon craters and terraforming through interactive clay modeling and other similar activities.

Similarly, inside the space dome, students will go planet hopping and tour our solar system to see various celestial bodies. Apart from this, a film on simulating Earth under different conditions will be shown.

### **C. Grade 7 to 12**

Participants will learn about the relation of mass and gravity through a demonstration of the gravity well. They will also learn how spacecraft take advantage of gravity assists in space exploration and do an activity about finding the center of gravity.

## **EVENT PARTICULARS**

### **SCHEDULING**

Schools may choose the most suitable date and time to avail of our interactive events. However, reservations must be made at least two (2) weeks prior to the school's target date. As events that we conduct nationwide, they run from August to July of each Academic Year. Summer programs are available upon request.

We can also hold events in other venues such as community centers, covered courts, coliseums and other large venues and can be availed of for company, community and barangay activities and the like.

### **TARGET NUMBER OF PARTICIPANTS**

Each event can accommodate a minimum of 800 up to a maximum of 1,000 participants per day, per school/venue. Smaller schools may merge with each other or with a big school to meet the minimum required number of participants

### **REQUIREMENTS**

Events shall be held within school premises and/or areas with the following logistics:

- a. An empty covered area for the Space Dome (the actual size of the dome is 7 meters in diameter and 4.5 meters in height)
- b. A classroom or a spacious and secured hallway/area for the interactive Astro Talks and Space Gallery.
- c. Electrical outlets and ample power supply (100 amperes) are required to power air conditioning units, projectors and other electrical equipment.
- d. Parents' consent/waiver for students who intend to join the stargazing activity.
- e. Standby medics or first aid kit/s from School.

NCERIES

NC Educational Resources and Interactive Events Services Inc.  
Diliman Preparatory School, Commonwealth Avenue, Quezon City 1127  
www.facebook.com/NCeries.Inc | 0912 142 2433

Today's students are growing up in a time of climate crisis, marine biodiversity loss, and disconnection from the natural world. And yet, many schools lack access to interactive science resources that inspire environmental awareness and scientific curiosity.

Building on the national success of the **NCERIES Space Science Roadshow**, NCERIES now launches its most ambitious earth-based program to date — the **NCERIES Oceanarium Roadshow**, a mobile, immersive learning experience that brings the ocean's most spectacular and hidden wonders directly to Philippine schools.

Using immersive digital dome technology and 3D projection, the Oceanarium Roadshow enables students to **learn Science by living it** — not from textbooks, but from awe-inspiring, evidence-based storytelling that complements formal curriculum.

## STATION 1: DEEP SEA EXPLORATION

Powered by the NCERIES Digital Dome Theater

### *Step Into The Abyss*

Inside our fully immersive digital dome, students explore Earth's final frontier: the Deep Sea. Through a visually stunning 360° journey, they'll encounter rarely seen organisms such as:

- **Bioluminescent frogfish, vampire squid, viperfish, pelican eels, and fangtooth**

This station also teaches the physics of deep-sea exploration — extreme pressure, darkness, submersible design — while recounting historic milestones in ocean exploration:

- The 1930 **Bathysphere mission** of William Beebe and Otis Barton
- **Robert Ballard's discovery** of the Titanic
- **James Cameron's solo dive** to the Mariana Trench

NCERIES

NC Educational Resources and Interactive Events Services Inc.  
Diliman Preparatory School, Commonwealth Avenue, Quezon City 1127  
www.facebook.com/NCeries.Inc | 0912 142 2433

## STATION 2: CORAL REEFS IN 3D

Presented via the NCERIES 3D Silverscreen

A visual feast of life and color

This breathtaking 3D cinematic experience takes students beneath the waves of the **Great Barrier Reef** and other tropical ecosystems. There, they'll observe:

- Crabs using jellyfish as camouflage
- Fish disguised as rocks, shag carpets or corals
- Predator-prey dynamics and survival strategies

This station emphasizes the **complexity, beauty and fragility** of coral reef ecosystems, while highlighting urgent conservation issues.

---

### STATION 3: OCEANARIUM – HANDS-ON INTERACTIVE EXHIBIT

This exhibit is a tactile, game-based exploration designed to simulate the experience of visiting a true oceanarium. It invites students to engage in hands-on activities that deepen their understanding of marine ecosystems through direct interaction and play.

The objective is to make marine science concepts tangible, memorable, and fun—ideal for kinesthetic learners and collaborative group experiences.

---

### STATION 4: PHOTOBOOTH

In photobooth station, participants will take turn per group (3-5 participants) and only one (1) printed hard copy will be given. However, all of the soft copies will be provided for the school and/or participants as Souvenir.
