Division Advisory No. 018, s. 2026  
July 28, 2026

### SCIENCE IMPACT

Attached is a letter from Mr. Ivan Lagarde, Marketing Executive, offering a mobile science interactive exhibit to private and public schools of all levels, the contents of which are self-explanatory, for guidance and reference.

The participation of all interested learners shall be subject to no disruption of classes policy as stipulated in DepEd Order No. 9, s. 2005 titled Instituting Measures to Increase Engaged Time-on-Task and Ensure Compliance Therewith and the no collection policy as stated in section 3 of Republic Act No. 5546, An Act Prohibiting the Sale of Tickets and/or the Collection of Contribution for Whatever Project or Purpose from the Students and Teachers of Public and Private Schools, Colleges and Universities (Ganzon Law).

This advisory is issued not for endorsement in accordance with DepEd Order No. 28, s. 2001, but only for the information of DepEd officials, personnel, staff, as well as the concerned public.

Greetings

Science Impact is a mobile science interactive exhibit for all schools. We are glad to offer this exhibit to the students so they have the chance to understand the world of science. It is a great way to build the foundation skills that today's school curriculum requires.

We promote science in private and public school of all levels; we call it the mobile science interactive exhibit. This is an educational opportunity full of fun and truly exciting. We offer an array of hands on and classroom exhibit allowing students to really get involved with science and activities.

Our exciting and hands on exhibit come to you no need to get out of your school or other costs associated with excursions. Our exhibits are available to easily fit within your school timetable. The whole exhibits are scope of the following educational activities.

- \* Seriously fun and engaging hands-on science gizmos.
- \* Educational Film Show/3D Film Show

We dedicate this proposal to immerse your class in the fascinating world of science. We stretch imaginations leaving students inspired and excited by science.

Thank you very much.

*Ivan Lagarde*
